

THE 90mm VERTICAL BLIND

Blind Designs have repositioned the 90mm Vertical Blind to be a quality decorating alternative. The introduction of the new 'Vogue' Head-rail System in both anodised and powder coated white finish presents an aesthetically pleasing product that is smooth to operate, reliable & an attractive addition to your home. A new collection of 90mm fabrics provides an exciting mix of colour & texture that reflects modern trends.

Easy to use & versatile, the Vertical Blind can be drawn neatly back to the side to offer unlimited views, or the louvre can be rotated through 180 degrees to allow just the right amount of light into the room to maintain an element of privacy.

The Vertical Blind range is an eclectic mix of designs in contemporary colour ways, seductive suedes, gentle prints & natural weaves, all of which will create window blinds of pure distinction.

REFLECT YOUR STYLE
